Goe	tzendorf.	
140	On 24 June, a weapons carrier and a jeep on blocks were seen in the yard of the Pasangarten Kaserne near Goetzondorf (P 49/X 57). Officers observed included two majors with red-bordered black epaulets, and five majors and 12 captains who were black-bordered blue epaulets. An obstacle course of dummy houses, fences and wire entanglements had been constructed in the eastern	
	sector of the installation. Three groups of about 12 EM each were observed training with a tank.	['] 25X1

6.	On 23 June, 12 trucks, each with an AA gun with a funnel-shaped muzzle, and 19 other trucks were parked in the cantonment east of Kaisersteinbruch, which was guarded by a sentry with red-bordered black epaulets. The low barracks buildings in the cantonment were still under repair, as they have been for about a year. About ho Ak carried billeting equipment to buildings which	
•	appeared to have been completely repaired. Trucks observed at the installation with all drivers wearing red-bordered black epaulets. Thirty trucks and 12 canvas-covered artillery pieces were seen on a hill east of the camp. Three field-grade officers with black-bordered red epaulets and a major with red-bordered black epaulets were observed at the cantonment west of Kaisersteinbruch. (4)	25X1
(1)	Comments. As in 1951, the observations during the spring and the sum er of 1952 indicate that only small units of the beviet Forces in Austria have been moved to the troop training grounds.	
(2)	In general, the information on Goetzendorf indicates no changes since the last report.	
(4)	the artillery pieces observed near the cantonnent east of Haisersteinbruch belong to the 2500th AAA Regt of the 13th Eds Hocz Div.
